

## Braylin Campbell Memorial

MUSIC BUSINESS SCHOLARSHIP FOUNDATION

In December 2024, the Music Business Association (Music Biz) renamed its longstanding financial aid program to the **Braylin Campbell Memorial Music Business Scholarship Foundation**, in honor of its colleague who unexpectedly passed away in August of that year.

Monies from the Foundation will be distributed to established financial aid funds within Music Biz's academic partner institutions. By giving monies to established funds, it opens up possibilities for students to pay for more than just tuition, including travel to internships, study abroad programs, music business conferences, and beyond.
